PRESS RELEASE

Statement on New Britain Water Department - Voluntary Conservation Notice

Berlin Water Control, Kensington Fire District and Worthington Fire District all purchase water from the New Britain Water Department therefore, we are following their conservation notice and requesting that all outside water usage (irrigation, car washing, etc.) be curtailed until further notice. Additionally, we are urging all customers to shorten showers, run full loads for clothes washing and dishwashing, and turning off the water while brushing your teeth.

Precipitation is well below normal. In general, we are urging all customers to use water wisely, and to practice conservation at this time. Every effort to save water is greatly appreciated. If you have any questions, please call your local water provider.
