

PRESS RELEASE

TOWN OF BERLIN

General State Statute 1-227 provides for agendas to be mailed to any person that fills out a written request to receive an agenda.

The Town of Berlin now has the ability, through the Town's website, to email or text any board or commission agenda. Any person who would like to receive the agenda would sign up as a subscriber on the Town's website. When you go to the Town's website, on the left hand side there is an icon for "Notify"; click on the icon and you can sign up for the agendas.

When the agenda is posted to the website the agenda will be automatically sent to the subscriber.
