Bid #2021-04

Percival Soccer Field Consultant

Addendum #3

Q: if we want to visit the site (field) next week, is there someone we should contact before going or do we need to go after hours?

A: The field is open and all field users will be done after this week, so you are able to go whenever is convenient for you.

Q: Does the town have a topographical survey or does the design team need to provide?

A: Please see addendum #2 for topo. If you, the consultant, feels that a new or updated topographic survey would be needed, please include that as an additional service separate from the proposal form.
